

BUNDESGESELLSCHAFT
FÜR ENDLAGERUNG

Anlage 23 (zum Datenbericht Mindestanforderungen gemäß § 23 StandAG und geowissenschaftlichen Abwägungskriterien gemäß § 24 StandAG)

Schichtenverzeichnisse Bohrung Stemmerberg 4 und Stemmerberg R1

Stand 21.09.2020

Hinweis:

Vorliegender Datenbericht zeigt alle entscheidungserheblichen Daten, die mit Stand 07.09.2020 gemäß den Regelungen und Verfahren nach dem Geologiedatengesetz veröffentlicht werden können. Siehe auch BGE 2020I Teil 3 von 4.

Entscheidungserhebliche Daten und Tatsachen für die geowissenschaftlichen Abwägungskriterien

Die Veröffentlichung von entscheidungserheblichen Tatsachen und Erwägungen, hier geologische Daten, erfolgt nach dem Gesetz zur staatlichen geologischen Landesaufnahme sowie zur Übermittlung, Sicherung und öffentlichen Bereitstellung geologischer Daten und zur Zurverfügungstellung geologischer Daten zur Erfüllung öffentlicher Aufgaben (Geologiedatengesetz – GeolDG).

Das GeolDG löst das Lagerstättengesetz ab und nach § 1 GeolDG (GeolDG) regelt es die staatliche geologische Landesaufnahme, die Übermittlung, die dauerhafte Sicherung und die öffentliche Bereitstellung geologischer Daten sowie die Zurverfügungstellung geologischer Daten zur Erfüllung öffentlicher Aufgaben, um den nachhaltigen Umgang mit dem geologischen Untergrund gewährleisten und Geogefahren erkennen und bewerten zu können. Geologische Daten werden insbesondere auch für das Standortauswahlverfahren nach dem Standortauswahlgesetz (StandAG) benötigt.

Das GeolDG trat mit dem 30.06.2020 in Kraft, so dass seitens der BGE, den Landesministerien und Landesbehörden ab diesem Zeitpunkt mit den Verfahren nach dem GeolDG zur Kategorisierung und öffentlichen Bereitstellung geologischer Daten begonnen werden konnte. Die erforderlichen Verfahren waren aufgrund ihres Umfangs nicht in dem bis zur Veröffentlichung bestehenden Zeitraum umzusetzen. Insofern werden nach dem 28.09.2020 weitere geologische Daten veröffentlicht werden. Die Veröffentlichung erfolgt mit Hilfe einer Revision des vorliegenden Datenberichtes. Dabei werden die bisher im vorliegenden Bericht weiß abgedeckten Bereiche nicht weiter abgedeckt, sondern die „darunter liegenden“ Daten sichtbar gemacht.

Mit diesen Anlagen sind der untersetzenden Unterlage (BGE 2020I) die entscheidungserheblichen Daten zu den Mindestanforderungen und geowissenschaftlichen Abwägungskriterien angefügt. Die darin angegebenen Koordinaten beziehen sich dabei immer auf die den identifizierten Gebieten und Teilgebieten zugrundeliegenden Daten und beschreiben damit nicht zwingend das Teilgebiet selbst.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document provides a detailed list of items that should be tracked, such as inventory levels, customer orders, and supplier invoices. It also outlines the procedures for recording these transactions, including the use of specific forms and the assignment of responsibilities to different staff members.

The second part of the document focuses on the analysis of the recorded data. It describes various methods for identifying trends and anomalies in the financial performance. This includes comparing current data with historical trends, as well as benchmarking against industry standards. The document also discusses the importance of regular reviews and audits to ensure that the records are accurate and up-to-date. It provides a step-by-step guide for conducting these reviews, from the initial data collection to the final reporting and analysis.

The final part of the document discusses the implications of the financial data for the overall business strategy. It explains how the recorded information can be used to make informed decisions about resource allocation, pricing, and marketing. The document also highlights the importance of transparency and communication in the financial reporting process, ensuring that all stakeholders have access to the necessary information to make their own assessments.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document provides a detailed list of items that should be tracked, such as inventory levels, accounts payable, and accounts receivable. It also outlines the procedures for recording these transactions, including the use of journals and ledgers. The second part of the document focuses on the reconciliation process. It explains how to compare the company's records with bank statements and other external sources to identify any discrepancies. This process is crucial for detecting errors and preventing fraud. The document provides a step-by-step guide to performing a reconciliation, including how to identify and investigate any differences. The final part of the document discusses the importance of regular audits. It explains that audits are necessary to ensure that the financial records are accurate and that the company is complying with all applicable laws and regulations. The document provides a list of common audit procedures and explains how to prepare for an audit. It also discusses the role of the auditor and the importance of providing all necessary information and documentation. Overall, the document provides a comprehensive guide to financial record-keeping and auditing, covering all aspects of the process from recording transactions to conducting audits.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document provides a detailed list of items that should be tracked, such as inventory levels, accounts payable, and accounts receivable. It also outlines the procedures for recording these transactions, including the use of journals and ledgers.

The second part of the document focuses on the reconciliation process. It explains how to compare the company's records with bank statements and other external sources to identify any discrepancies. This process is crucial for detecting errors and preventing fraud. The document provides a step-by-step guide to performing a reconciliation, including how to identify and investigate any differences between the company's records and the bank's records.

The third part of the document discusses the importance of regular audits. It explains that audits are necessary to ensure that the financial records are accurate and complete. The document provides a list of items that should be audited, such as cash, inventory, and accounts payable. It also outlines the procedures for conducting an audit, including how to select the items to be audited and how to document the results of the audit.

The fourth part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document provides a detailed list of items that should be tracked, such as inventory levels, accounts payable, and accounts receivable. It also outlines the procedures for recording these transactions, including the use of journals and ledgers.
